Bloom again sweet prison flower
1st

20
Raise thy head so sadly drooping,
Weary, as if in pain;
O'er thy withered stem I'm stooping,
Raise thy head and bloom again;
When my fondest hopes had perished
How I watched thee here by me,
Then met all I loved and cherished,
Bloom again, sweet prison flower.
20

In the morning cold and weary,
When the sleepless night hath fled,
Looking from my window dreary,
Then I saw thy tiny head
Though thou wert a flower only,
Growing in a dismal tower.
Do not leave me old or lonely,
Bloom again, sweet prison flower.
30

There was little sunshine for thee,
In these prison walls so bare,
Oh I wailed when I saw thee,
How thou didst become so fair.
Nevermore I'll see thy lightness

Flower with each passing shadow
LIFE has lost its only lightness
With thy death, sweet prison flower.

Her bright smile haunts me still.

It's one year since last we met

We may never meet again.

I have struggled to forget,

But the struggle was in vain.

"For her voice lives on the breeze,

And her spirit comes at will,

In the midnight on the sea,

Her bright smile haunts me still.

2d. Chorus.

I have sailed in alien skies,

I have trod the desert plains

I have seen the cloud arise.

Like a giant in his wrath,

Many dangers I have seen,

Which only strong life can see.

I the midnight on the sea,

Her bright smile haunts me still.

Darling Kelly Gray.
1st Verse

There's a low green valley on the Old Kentucky shore;
There I've whiled many happy hours away,
A sitting and a singing by the little cottage door,
Where lived my darling Kelly Gray.
Chorus.

Oh! my poor Kelly Gray, they have taken you away,
And I'll never see my darling any more;
I'm sitting by the river, and I'm weeping all the day;
For you're gone from the Old Kentucky shore!
2^d Verse

When the moon had climbed the mountain and the stars were shining ^{over}
Then I'd take my darling Kelly Gray,
And we'd float down the river in my little red canoe,
While my banjo sweetly I would play.
Chorus.

3^d Verse

One night I went to see her, but she's gone, the neighbors say;
The white man bound her with his chain;
They have taken her to Georgia for to wear her life away,
As she toils in the cotton and the cane.
Chorus.

4th Verse

My canoe is under water, and my life is sinking,

I'm tired of living any more;
My eyes shall look downward, and my song shall be mourning,
While I stay on the old Kentucky shore.

Chorus

3rd Verse

My eyes are getting blinded and I cannot see my way;
Hark! there's somebody knocking at the door;
Oh! I hear angels calling, and I see my Nellie Gray -
Farewell to the old Kentucky shore.

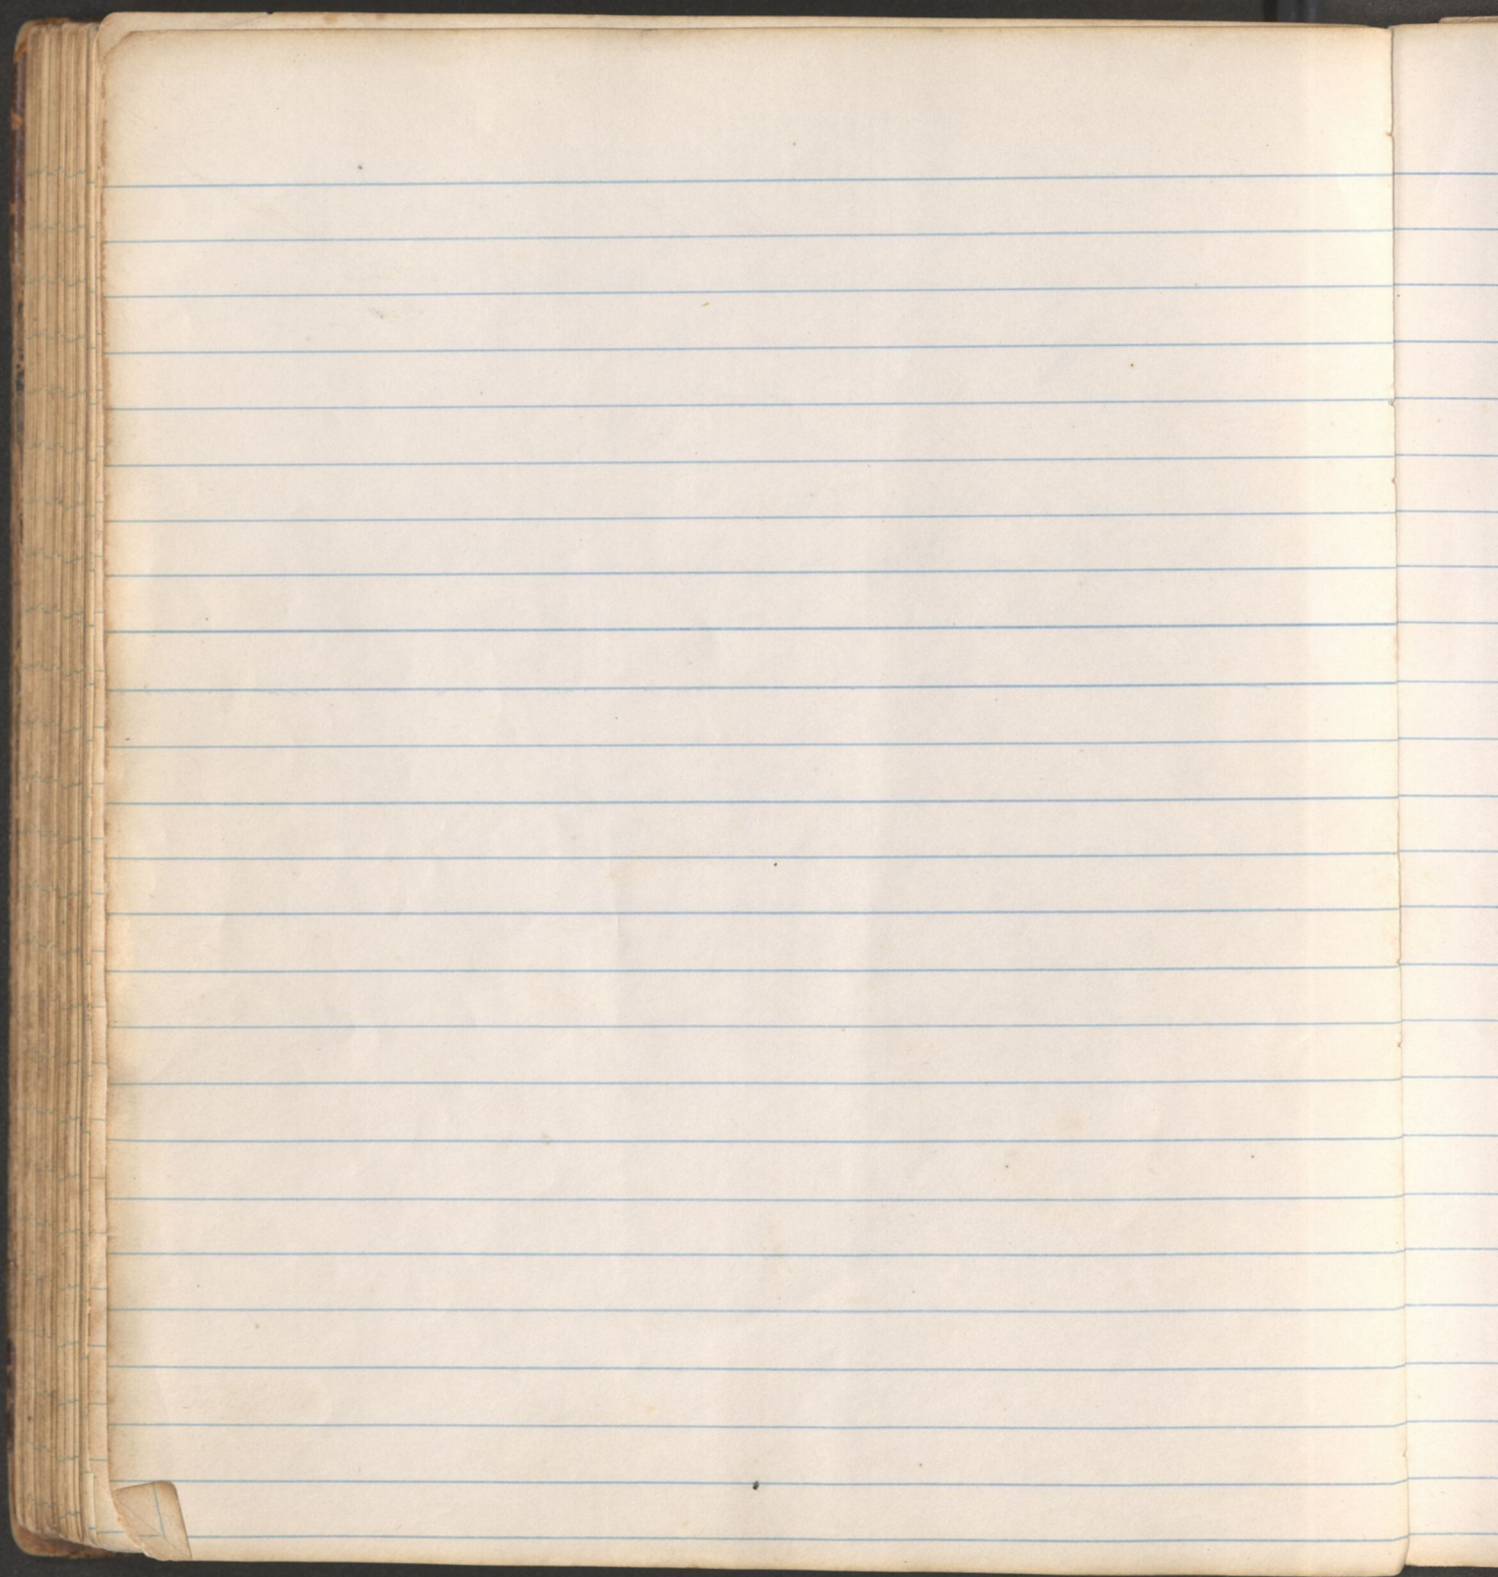

Chorus. 4th last-verse.

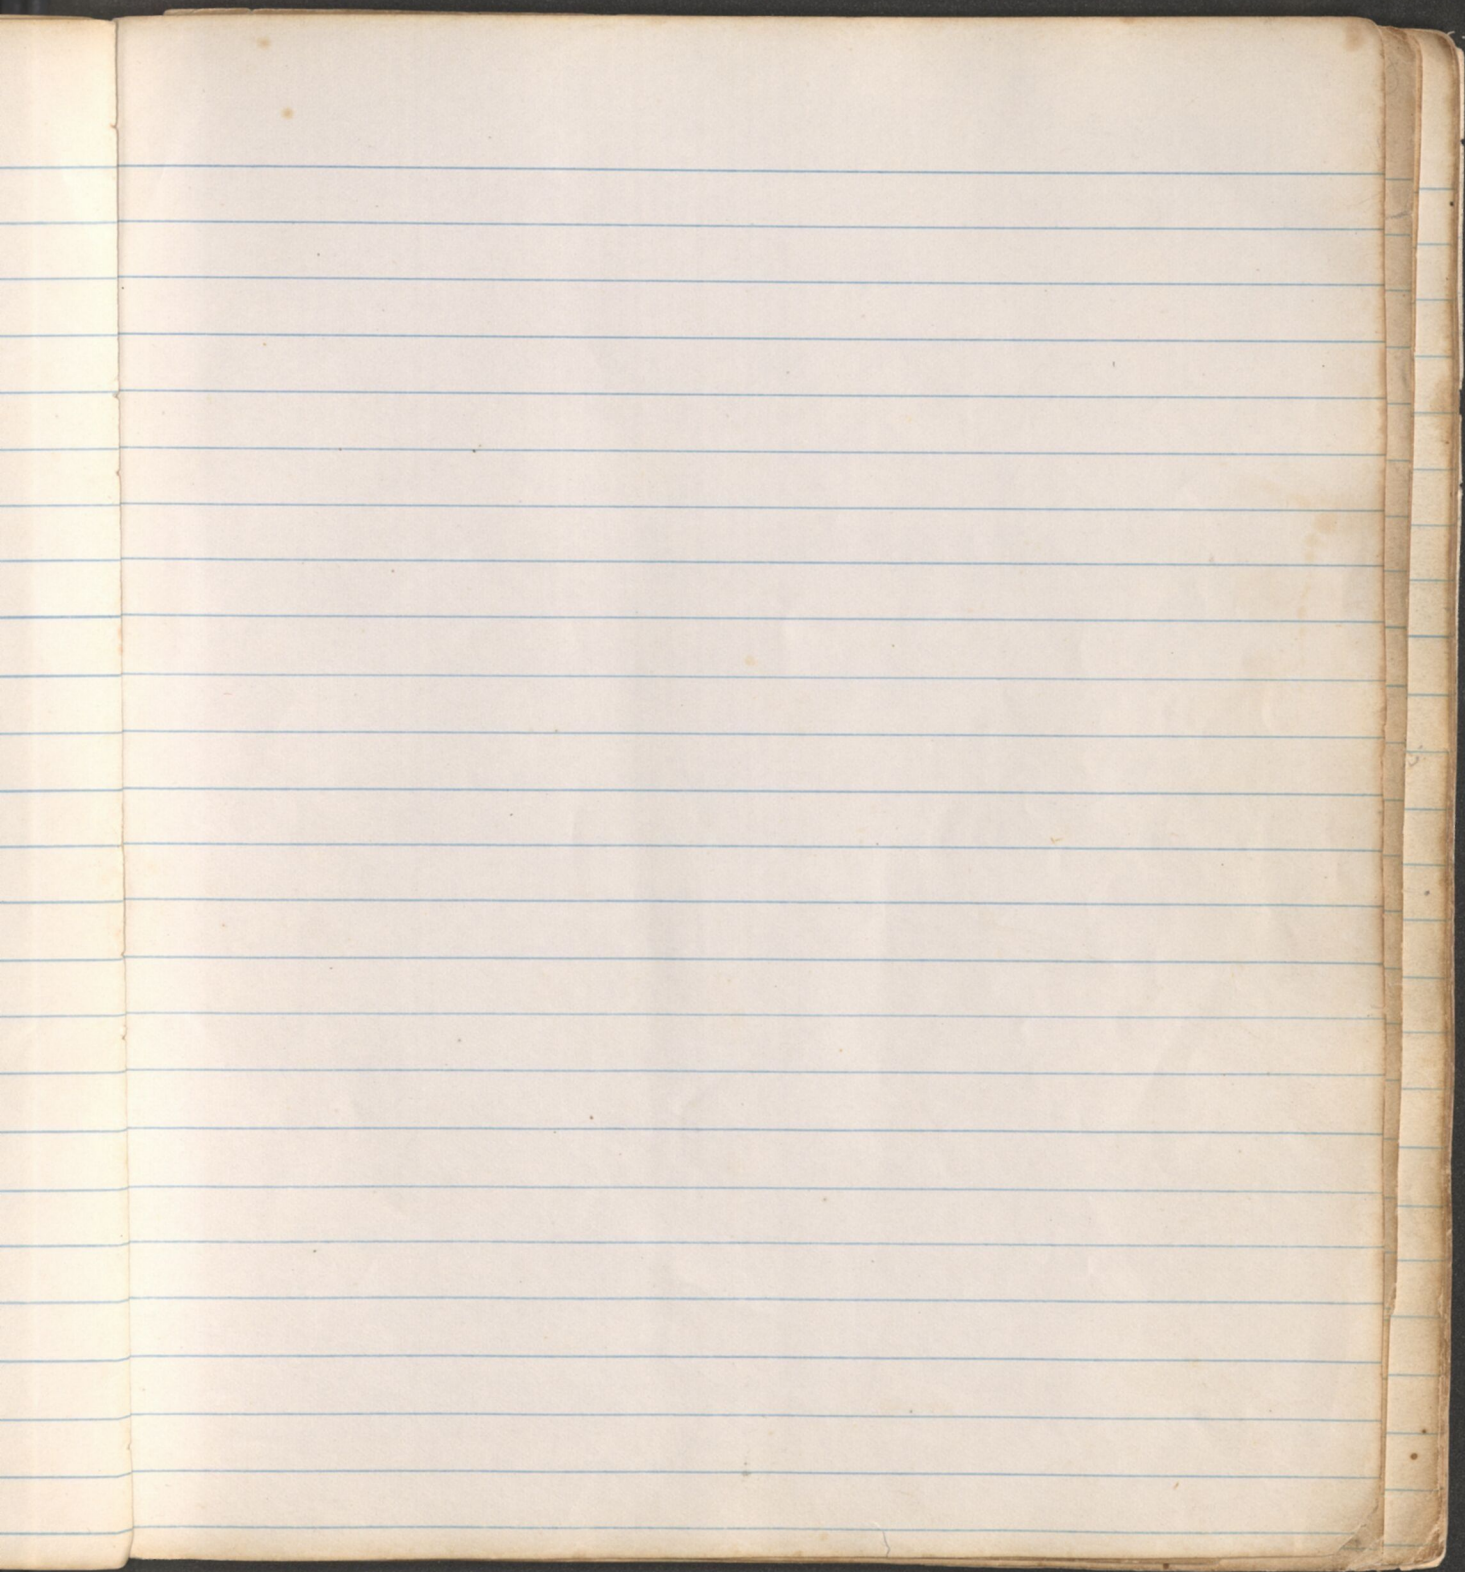

Oh! my darling Nellie Gray, up in heaven, there they say
That they'll never take you from me any more;
I'm coming, coming, coming as the angels clear the way -
Farewell to the old Kentucky shore!

Annals Of The Vale.

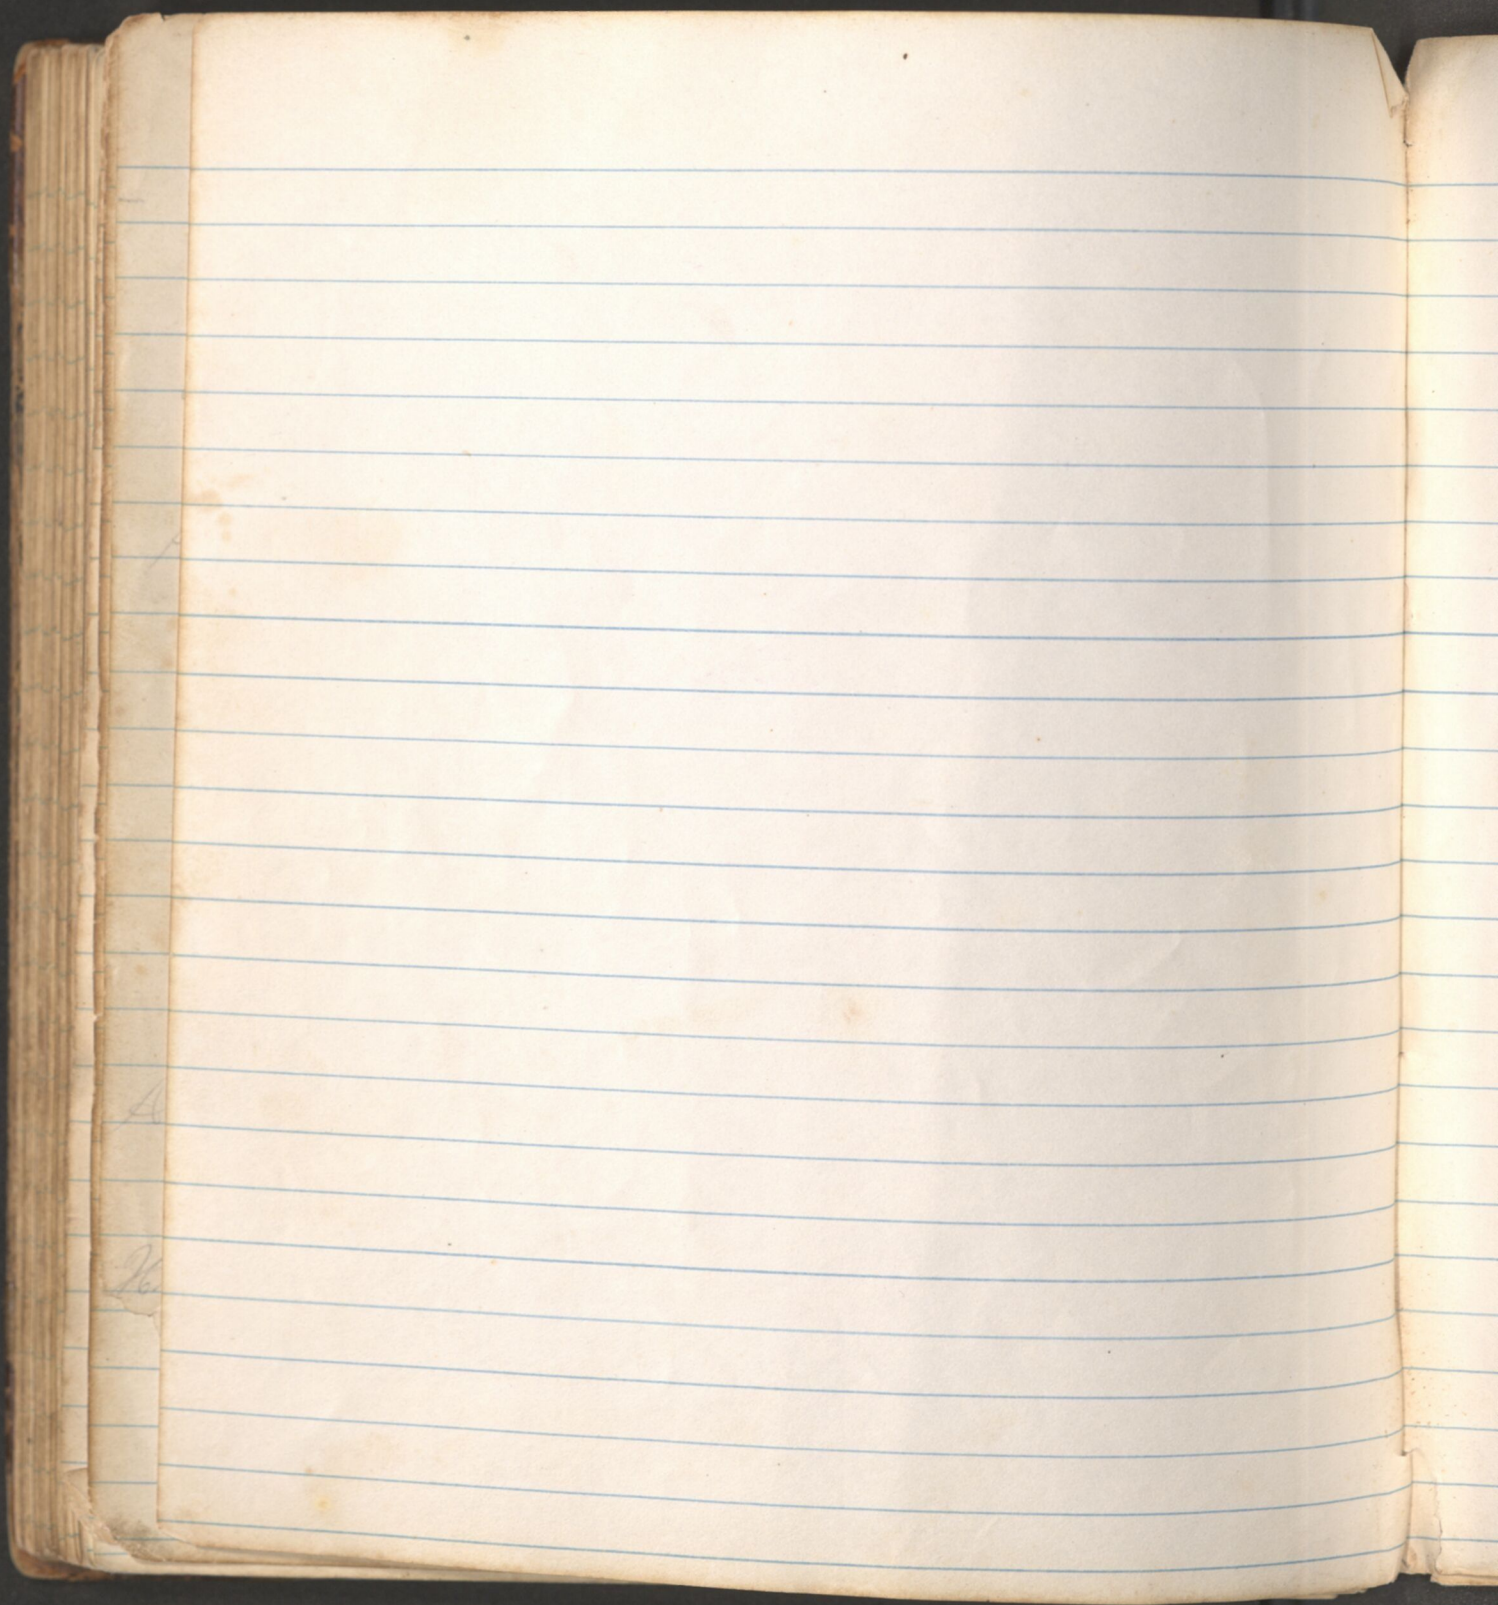

The young stars are glancing,
Their clear light festooning;
Their radiance fills the calm, clear Summer night-!
Come forth like a fairy,
So plithesome and airy,
And gambol in their soft and mystic light!
Chorus.

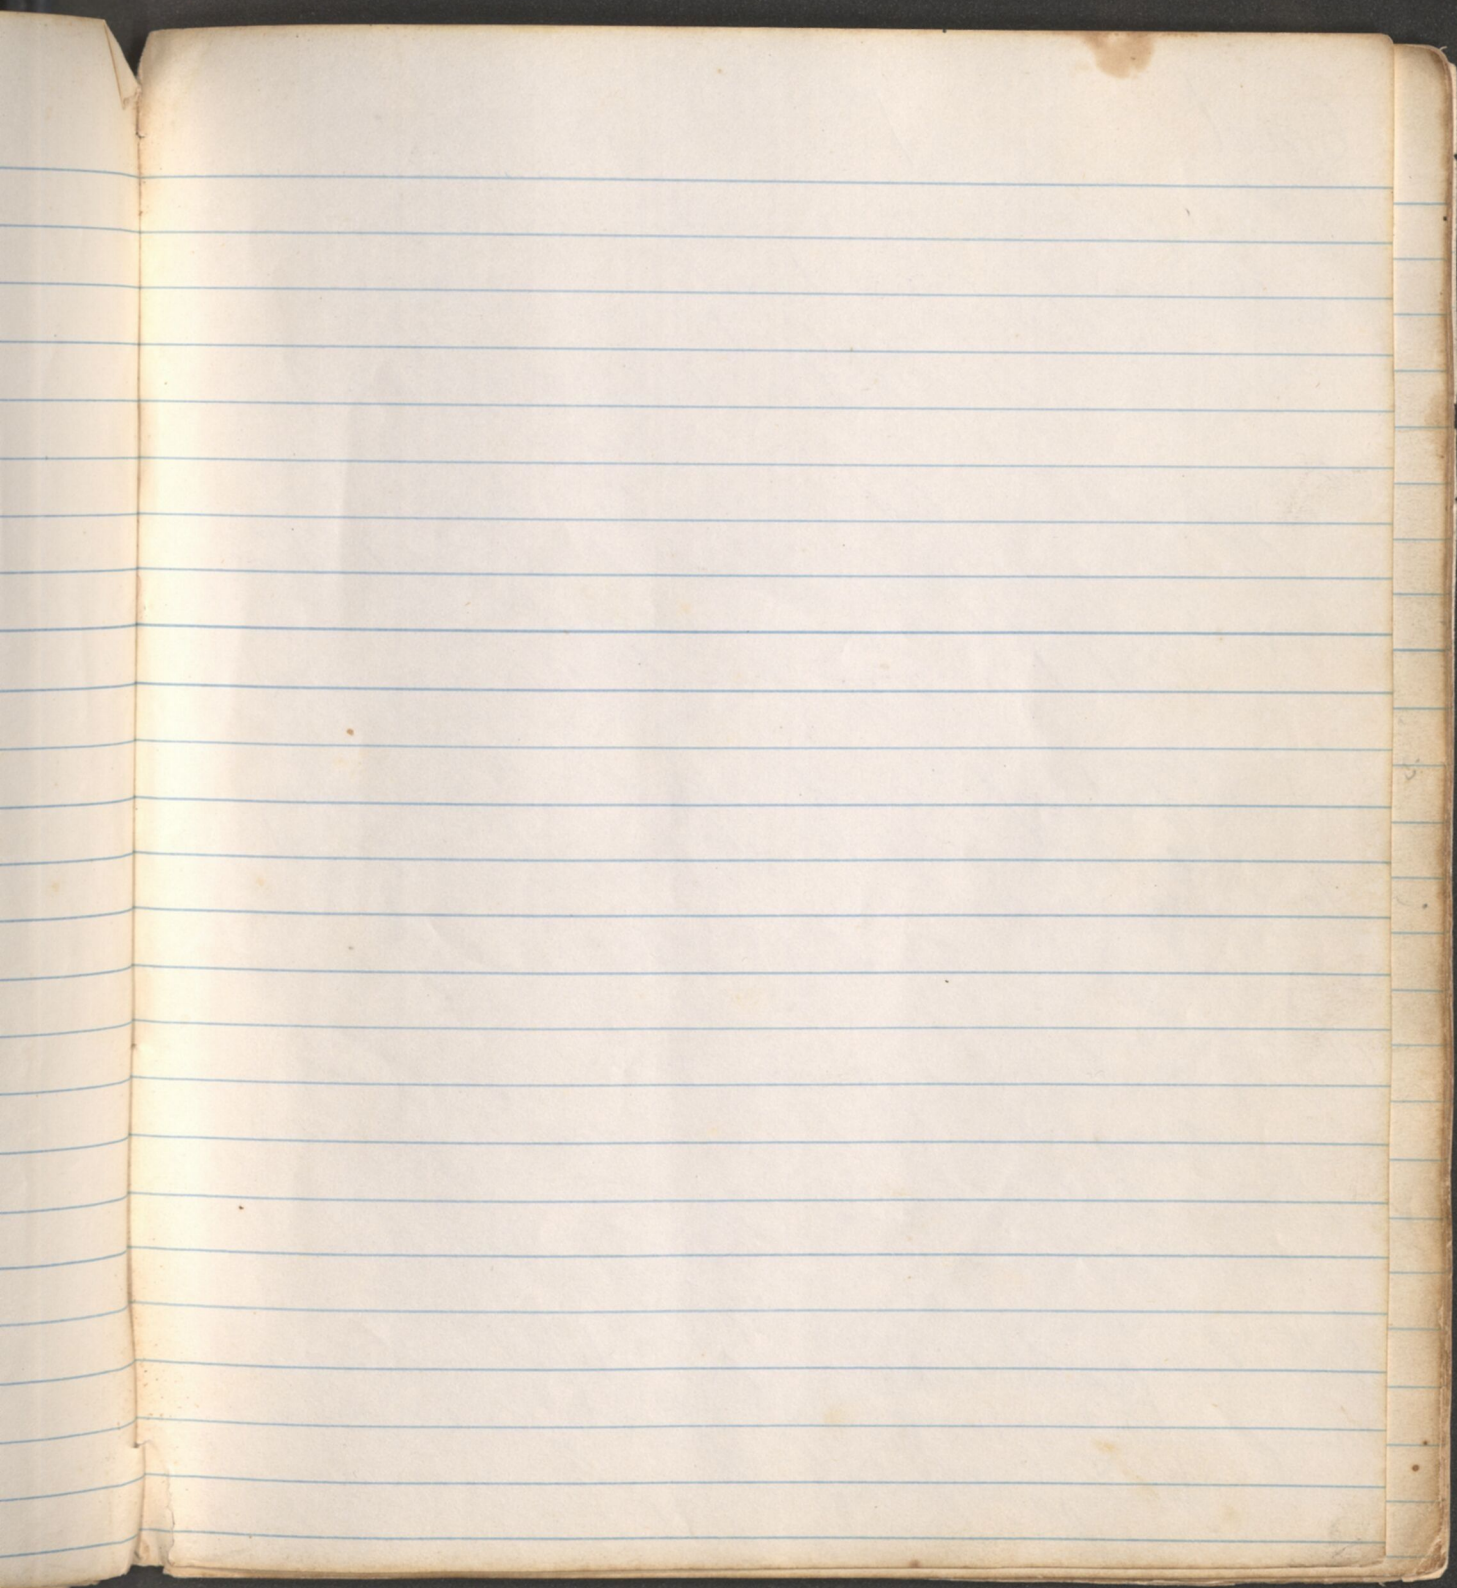

Come, come, come, Love, come!
Come are the night-herches pale!
Oh! come in thy scanty,
Then marvel of duty,
Dear Anna, dear Anna of the Vale!

So charmed by that spirit,
As radiant as the mild, warm Summer day;
The watch-dog is snoring,
For fear, Anna's clanking,
This beautiful young friend Pot start away!

The Vacant Chair.

We shall meet, but we shall miss him;
 There will be one vacant chair;
 We shall linger to cover him,
 While we breathe our evening prayer.
 When a year ago, we gathered,
 Joy was in his smile, his eyes;
 But a golden cord is severed,
 And our hopes in mine lie.

Chorus. We shall meet, but we shall miss him;
 There will be one vacant chair;
 We shall linger to cover him,
 While we breathe our evening prayer.

2^d

At our bedside, sad and lonely,
 Often will the bosom swell
 At remembrance of the story
 How our noble Willie fell;
 How he strove to bear our banner
 Through the thickest of the fight,
 And uphold our country's honor,
 For the strength of manhood's might.

Chorus.

We shall meet -

Time they tell us wreaths of glory
 Ever more will deck his brow;
 But this soothes the anguish only,
 Sweeping o'er our heart things now.
 Sleep to-day, O early fallen!
 In thy green and narrow bed;
 Singers from the pine and cypress
 Mingle with the tears we shed.

The Watcher.
101

The night was dark and fearful,
The blast swept howling by,
A watcher pale and fearful,
Looked forth with anxious eye;
"How wistfully she gazeth,"
No gleam of morn was there,
Her eyes to Heaven she raiseth,
"In agony of prayer."
102

Within that dwelling lonely,
Where woe and darkness reign,
Her precious child, her only,
Lay moaning in his pain!
"And death alone can free him,"
She feels that this must be,
But Oh! for morn to see him
"Smile once again on me."
103

A hundred lights are shining
For yonder mansion fair,
And many feet are prancing —
They heed not mourning there;
"Oh, young and joyous creatures,"

One lamp from out your store,
Would lend that poor boy's features,
"To his mother's gaze once more."
L.H.

The summer sun is shining,
The hush is not its day,
Beside her bed reclining,
The pale dead mother lay,
A smile her lips were smothering,
A smile of hope and love,
As though she were still breathing,
"Then is light for us above."

The Bell of the Mohawk Vale.

Sweet is the vale where the Mohawk gently glides,
 On the clear winding way to the sea,
 And dearer than all storied streams on earth resides,
 Is this bright rolling river to me.
 But sweeter, dearer, yes, dearer far than these,
 Who charms when others all fail,
 Is blue eyed Lenny, Lenny Eloise,
 The Bell of the Mohawk Vale.

Oh, sweet are the scenes of my boyhood sunny hours,
 That bespangle the gay Valley o'er,
 And dear are the friends seen through memory's fond tears
 That have lived in the best days of yours.
 But sweeter, dearer, yes, dearer far than these,
 Who charms when others all fail,
 Is blue eyed Lenny, Lenny Eloise,
 The Bell of the Mohawk Vale.

Oh, sweet are the moments when dreaming I roam,
 Through my loved haunts now mossy and grey,
 And dearer than all is my childhood's hallowed home,
 That is crumbling now slowly away.
 But sweeter, dearer, yes, dearer far than these,

Who charms when others all fail,
Is blue-eyed Sonny, Sonny Elsie,
The Bell of the Mohawk Vale.

The Step-mother

1st The marriage rites were over
I turn my head aside
To keep the guests from seeing
The tears I could not hide.
I could not greet the fair one
So I took my little brother
To greet my father's chosen
But I could not call her mother.

2^d
She is a fair young creature
With a mild & gentle air
Blue eyes soft & sparkling
Glossy silken hair.
I know my father gives her
The love he bore another
But if she were an angel
I would not call her mother.

3^d
They took my mother's picture
From its accustomed place
And placed beside my father's
A younger fairer face
They made that dear old chamber
The boudoir of another.

But if she were an angel
I could not call her mother.

4 Last night I heard her singing
A song I need to love
When those sweet words were uttered
By one who sings above
And every note was hallowed
By the sweet voice of another
And if she were an angel
I would not call her mother.

And the storm went howling by.
We laid him down in his lonely grave

And the heaving billows all robed in white
As they howl o'er the Roovers grave.

Flying Dutchman.

1st 'Twas on a dark and stormy night—

Far southward of the Cape—

When from a strong norwester

We'd just made our escape—

Like an infant in a cradle

The sea was hush'd to sleep—

"And peacefully we sailed along

The bosom of the deep."

2^d At length our helmsman gave a shout—

Of terror and of fear—

Just as if he'd gazed upon

Some sudden danger near—

As looking round the Ocean

Just upon our lee—

"We espied the flying Dutchman

Flying furious o'er the sea."

3^d Take in your flowing canvas

Our watchful master cried—

For me and my ship's company

Great danger doth betide—

The billows crest all white with foam

All anger doth appear—

On o'er each lofty spray—
Perceived by the tempest-die
He snakes for Table Bay—
Like a bird on wing he's borne before
The winds and howling blast—
"But ere he can cast anchor there
His day alas has past—"

5th How mourn for Vanderdecken
How miserable is his doom—
And all around that stormy Cape
It is his living tomb—
There the Dutchman beats about
Forever night and day—
"And thus in vain his home he gains
By entering Table Bay—"

 And the scenes I love so well

 Will you think of Willie Gray.

 With a merry heart I leave you
 For a sailor boy I'll be.

The faded Coat of Blue.

1st

They have laid he sleeps in his faded coat of blue
 Let his nameless grave unknown

Oh that heart that beat so true
 Its sank faint & weary

Among the famished hares
 And they layed him sad and lonely

Beneath his nameless grave
 Chorus

No more the hags
 Shall call the mean and
 Root noble spirit

For the grave unknown
 We shall find him

Will know him
 Among the great & true

When a robe of white is given
 To the faded coat of blue.

2d

The child give me note

And just a little crumb
 And my mother

She will bless you
 Through all the years to come

For a Lady's Album.

Why write my name midst songs and flowers
To meet the eye of lady gay?
I have no voice for lady's towers,
For page like this no fitting lay.

Yet though my heart no more must sound
At witching call of sprightly joys,
Mine is the brow that never frowns
On laughing lips or sparkling eyes.

No though behind me now is closed
The youthful Paradise of love,
Yet I can bless with soul composed,
The lingers in that happy grove.

Take, then, fair girls, my blessing takes
Where'er amidst its charms you roam,
Or where, by western hill or lake,
You brighten a serenest home.

And while the youthful lover's name
Here with the sister beauty's blends,
Laugh not to scorn the humbler aim
That to the list would add a friend.

1st of Sea Song.

A wet sheet and a flowing sea,
A wind that follows fast,
And fills the white and swelling sail,
And bends the gallant-mast;
And bends the gallant-mast, my boys,
While, like the eagle feet,
Away the good ship flies, and leaves
Old England on the lee.

2^d

O for a soft and gentle wind!
I heard a fair one cry;
But give to me the roaring breeze,
And white waves heaving high;
And white waves heaving high, my boys,
The good ship tight and free,
The world of waters is our home,
And every man an oar.

3^d

Thrice tempest in yon horned moon,
And lightning in yon cloud;
And hark the music, mariners;
The wind is piping loud;
The wind is piping loud, my boys,
The lightning flashing free,
While the hollow oak our palace is,
An anchor and a rope.

Our heritage the sea.

 The point where upon
 He used to play with lightning
 When his days work was done.

 Where we caused them for to sigh
 And when you pass the fight line.

When England's Bully champion

They fought like gallant heroes
Till our rescued the blow
And the red camson told

The tiger arose with in him
The lightning in his eye
Saying unto away Old England
But King mind your eye

While he held him in the air
And from his grasp he threw him
Made the English men to stare

1st The White Squall.

The sea was bright and the bark rock well,
 And the breeze bore the tone of the vesper bell;
 'Twas a gallant bark, with a crew a rare
 As e'er was launch'd on the heaving main.

"The shore in the light of declining day;
 Each sail was set, and each heart was gay."
 2^d

They near'd the land wherein beauty smiles,
 The sunny shore of the Grecian Isles;
 All thought of home, and that welcome cheer,
 That soon shall greet each wanderer's ear,
 "In fancy join the social throng
 To the festive dance and the joyous song."
 3^d

But a white cloud glides o'er the azure sky;
 What means that mild despairing cry?
 Farebells ye visioned scenes of home,
 The cry is "help!" when no help can come.
 "For the White Squall rides on the surging wave
 And the bark is gulph'd in an ocean grave."

The Slave.

1 Massa! I can tell you nothing.

I can bear the whip and chain.

I have felt the burning烙痕

And can bear the pains again.

For myself I ask no pity

If you send me to the grave.

I will come out my cradle

And give freedom to your slave.

2 You have said that you would kill me

But this evil act not be.

For I tell you, Massa, truly

It will hurt you more than me.

On your soul put not this burden

But repent while there is time.

For I lay my life down freely

For to save you from this crime.

3 Still my eyes are full of anger

And my prayers and hopes vain.

Yet I know that you will perish

But I pay for you again.

Still I ask this mercy for you.

Which to me you still deny

For it is to be a Christian

Massa! Massa! I can die

The Bold Pirate!

1 Our anchor is dropped, and we are under way!
Farewell! my dear Ellen I can no longer stay!

Our ship she lies awaiting, so fare you well my dear,
And I must go to sea on board the Bold Pirate.

2 Oh Johnny! dearest Johnny, what makes you go to sea,
How many have been slain since the war it first began,
You better stay at home with the girls that love you dear,
Than venture your sweet life on the Bold Pirate.

3 Oh Ellen! dearest Ellen your parents are distressed,
Likewise your two brothers they threaten my life.

You hear from them nightly, for you'll steer clear.

And I must go to sea on board the Bold Pirate.

4 Oh Ellen! dearest Ellen what makes you give so soon

There are prizes to be taken ~~the~~ off as in June,

There are prizes to be taken on the coast of France and Spain.

So you say dearest Ellen shall be taken of the same.

5 For when we are in action so gallant we will fight,

We'll haul down our colors by day or by night,

We'll haul down our colors and with them will steer.

And then we let them know we are the Bold Pirate.

6 And when the war is over, soon to you my dear

We'll put all our sails as we come near prize.

We'll put all our sails as we come near the prize

And then we'll let them know we are the Bold Pirate.

Whaling Song No 1.

1 High is the sun from the ocean bed a spring
Casting its shadows all in the blue sea
Hark! from the mast head the chantey is ringing
Hark on an on has been a whale there she flows
"Call up you sheeps then Lord and whited men
"Main yard aback mean you boats lower away.
"Hark on the breast beam see the white water gleam
"Wrathing the waters in garlands of spray.

2 Hear! the weather in greatness is flying
Making the sea its gulph and bed.
While merrily over us the sea-bird is flying.
Watching the billows dash over his head
"Strong hands are hewing, there go black flakes in air
"Steady and steady she sinks in the main.
"Peak all you can avail, wat from you may fail
"Watching and waiting her rising again.

3 Know hearties, 'an; as you love your salvation
Know hearties, 'an; let the making waters flow
If you have blood give it new circulation,
Spring to your oars and give way all you know
"Her sack boat advance, gaily as to a dance
"To her let us all be true in the blue sea
"Stand up and give her some, send both you home home
"Chantey her all the things you can see and hear. End

A lady's lost her Chignon.

In going down the Quachant,
One day in recent street,
I saw the sweetest beauty
I e'er had luck to meet;
When, looking on the pavement,
A strange thing caught my eye,
A chignon 'twas, so on my cane.
I put it, and did cry —

"Some lady's lost her chignon.
Her lovely head 'tis been on;
A lady fair has lost her hair,
What lady's sapp'd her chignon?"

2d

Yes, really, it is true, for as
When as the words I said,
Each lady, as she saw me,
Her hand put to her head
The men all smiled and seemed to say
Oh! What a glorious game
For I still held up the chignon
And loudly did exclaim —
Chorus,

3^d

I saw a little lady.

Who seemed to be amazed.

And quickly came towards me.

Then let the chignon gaze.

I thought: indeed, 'twas true,

By the appearance of her head;

But, keeping up the chignon.

The selfsame words I said.

Chorus.

4th

She seemed inclined to claim it.

Then from me quickly fled;

She would no longer have done so,

But for a little dread.

Of being thus made fair of;

For I well kept up the game

I stood beside a lamp-post,

And still I did explain.

Chorus.

5th

You would not think them swindlers.

Went on behind the scenes?

I'd like to keep the chignon.

For it had no guanine.

To each chignon-wearing lady.

I'll give the ear the ear.

In future, for the night.

And I will to hear.

Chorus.

Mother kiss'd me in my dreams.

1st

Lying on my dying bed,

This the dark and silent night,

Praying for the coming day,

Came a vision to my sight;

Near me stood the form I lov'd,

In the sunlight's mellow gleam,

Telling me unto her breast,

"Mother kiss'd me in my dream,"

2d

Come close tell her when you smile,

That I did my duty well,

Say that when the battle rag'd,

Fighting in the van I fill;

Tell her too, When on my bed,

How I felt my being's stream,

How I knew no peace until

"Mother kiss'd me in my dream,"

3d

Once again I long to see

Home and kindest far away,

But I feel I shall be gone

Ere there dawns another day

Hopefully I bid the hour

When I will feel life's pulse

For my pang has left me now -

"Mother kiss'd me in my dream,"

God.

Kiss me methune I die.

1st

What joy to return to my once happy home,
What bliss to again view the spot
When in evening's calm beauty we wandered alone
From our humble but sweet little cot.
In my dreams I have seen him repeating his vows,
While sadly my eye filled with tears,
When we talked of our future our happiness too
And my hopes that so soon turned to fears.
I have seen he called me his darling he called me his
Secured me and left me this cold world to roam,
The angels are calling aloud from above
"Mother, kiss me ere I die!"

2d

I wish those days would return once again
When under a dear mother's care
He promised me all that his wealth could obtain
If I with him my life I would share.
I fled from my home I scorned a mother's advice
For one that had riches in store;
But he left me to roam, and his child all alone
To behold his fond face never more.
I have seen he called me his

End.

We oft time receive a good mother's advice.

And treat it with care and with pride—
From the good paths of virtue we soon go to vice.

And still her good counsel decide.

Onward we folly go nearer the grave—

In shame and in poverty roam—

Till we fly to the arms of a mother at last,
Convinced that there's no place like home.

Chorus. For he calls, &c.

The Good Ship Three Bells,

Verse

Come swell the strain, the proud refrain

That rings of noble deeds

Have true men brave, on oceans wave

Wan fame most worthy deeds.

Ther high to-day, in grateful lay

Thou music's Withings spell

Let every lip & lips that ^{good} ship

Brave Haightons ship Three Bells

Chorus— Oh the good ship &c

2^d Verse

When storms came down, with blackest frown
And woke the oceans wrath
And one lost bark, in tempest dark
Lay in the mad winds path
Heaven pleased to prove that human loss
In Athens bosom dwells
Turned to that wreck, that death-swept deck
Brave brightens ship Three Belts.
Cho. Oh the good ship &c

3^d Verse

They worked all day, they worked all night
As have I always do
As from the wave they strove to save
That sinking vessels crew
A shout rose high, all saved they cry
Hark how the cheer swells
Led ed the whole bound, ring with the sound
God bless that ship Three Belts.

Cho.

"Oh the good ship Three Belts"
With a Captain true

And a noble crew
That man the good Three Belts.

Out in this cold world out in the street,
 Asking a penny of each one I meet;
 Whither I wander about thro' the day,
 Wearing my young life in sorrow away;
 No one to help me, no one to bless,
 No one to pity me, none to caress,
 Fatherless, Motherless sadly I roam,
 A child of misfortune, I'm shiven from home.

2d

The flowers that bloom'd, that I once lov'd to see,
 Seem bowing their heads as if pitying me,
 The music that mingle with voices of mirth,
 From the windows of pleasure and plenty on earth,
 Makes me think what it is to be friendless and poor,
 And I feel I shall faint when I knock at the door,
 I have a deaf ear, there's no one will come,
 To help a poor wanderer from home.

3d

O, where shall I go, or what can I do?
 I've no one to tell me what course to pursue,
 I'm weary and footsore, I'm hungry and weak,
 I know not what shelter to night I may seek;
 The friend of all friends who rules earth and sea,

Will look with a pitying eye at me,
I'll wander about till his messenger come,
To lead me to Father and Mother at home.
Chorus.

No one to help me, no one to bless,
No one to pity me, none to care,
Fatherless, Motherless, sadly I roam,
Nursed by my parents, driven from home.

No 8 So I Wander By The Sea No 8

1st

But a year ago, one morning
As a young and happy bride,
Laured in robes of spotless whiteness,
I stood proudly by his side,
Village bells were sweetly ringing,
Friends were crowding round with glees,
Now my heart is full of sorrow,
As I wander by the sea.

Chorus.

Alone, All alone by the sea I wander,
O'er the days are mine to be,
And I think of one who left me,
As I wander by the sea.

29

But a year ago, what changes
May take place within a year,
All that was so light and cheerful,
Now seems desolate and drear,
Time, as he speeds slowly onwards,
Brings no happiness for me,
For my heart is full of sorrows
As I wander by the sea.

Guess I am a flying wonder,

Don't talk about your hardships.

Don't talk of them to me,

It's there you have to goit.

On a hard tack & a half
Chorus.

You scout from your hand.

Get your buckets and draw water.

It is the mate's command.

You will drill and you'll scout.

On the decks both fore and aft.

All this you have to do
For a hard tack and a half.

3^d Chorus,

It was early after breakfast

You will hear the general call
It's time for the watch and get up the cask
Old Cromwell makes the quater slack
And at you he will laugh,
To see you hoist away on
On a hard-tack and a half.

4th Chorus

Soon the cask it is on deck.

And out will come the head.
Well rally from the fore-castle.

And round it lightly tread
The mate he's a jolly fellow

And will perform his task.
He always gives the firmest hands
A good slap at the cask.

5th Chorus

Soon the work it is all done

And hard has been the toil
Well all go down the fore-castle.

And there divide the spoils.
Each one will take his share.

And pray that it might last
But there something very deceiving
About the hard-tack cake.
